

"The partners in the real estate department are always available for every request and need" Chambers Global 2020

Our Transactions Team is characterized by an in-depth familiarity with all aspects of Israeli law and by an in-depth knowledge of the business world, the banking world and local authorities, which is essential for the provision of effective and practical advice. We have unique experience in consulting on broad-based residential and investment real estate projects.

Based on our business background and the wide variety of clients that we have, we have unique experience in providing legal advice for large scale projects in the field of residential real estate and investment real estate. We consult clients at each stage of the transaction, from location of the land and the drafting of sale and combination agreements, via the planning, taxation, and bank facility stages to contracting with various consultants, and finally to the stages of construction, sale of the units and registration of the units on the Land Titles Register.

The Department handles a wide variety of clients, from the largest real estate corporations in the country through medium and small developers, to private individuals conducting a one-time real estate transaction.
