

"All the lawyers who gave me service were excellent. Patient, sensitive and above all, strive for excellence."The Legal 500 EMEA 2020"Professionalism and expertise in the applicable legal fields and short response time."The Legal 500 EMEA 2020

Our litigation department headed by Adv. Ram Jeanne is comprised of talented advocates who are excellent, diligent, original and creative lawyers who can construct file management tactics that are suited to each client's purposes.

Our litigation department has the ability and the knowledge to assist clients in the overall management of disputes, and to resolve them by running cases in court and by close provision of all of the assistance that is required out of court as well.

Our litigation department represents large, leading entities in the economy. Our Customers Include: public companies in the field of infrastructure engineering, some of the largest hi-tech and software companies in the world, companies in the field of communications and media, some of the largest retail chains in Israel, leading companies in the field of transportation, the largest airline company in Israel, some of the most prominent real estate developers in the market, investment companies and financial entities, etc.

Our litigators also have considerable experience in representing directors in derivative claims, shareholders in takeovers and representation in intra-corporate disputes.
